Inquiry work

Includes work that extends concepts beyond the classroom. You will be awarded time to do inquiry work in class, and can also work on it outside of class. Some examples include learning about a disease in class then researching articles about the disease and questioning our current means of treatment due to efficacy. Inquiry work does not include copying material or worksheets.

Classroom Policies

General class procedures include:

- entering the class in the morning and following the “Do Now” on the front board”
- saving bathroom breaks and teacher questions until after the “Do Now” is complete
- raising hands to speak during discussions/with questions
- Raise a pencil to sharpen pencil
- using a bathroom pass from the front desk with leaving and returning times written on them by the students
- Taking bathroom breaks during group/independent work/directly after the “Do Now”
- Only opening chromebooks when instructed
- Closing chromebooks when hand gestured to do so
- Taking notes in a notebook/binder unless an 85% average is maintained after the first test
- Turning in assignments at the beginning of class on google classrooms if assigned there or if on paper on the front desk at the beginning of class after the Do Now is completed
- Students should expect to have a 10 questions assessment at the beginning of each class based on the less of the prior class or to assess their understanding of a unit prior to starting

Extra Help

Please email to arrange a meeting either before the start of school, during lunch or after school to seek extra help or any concerns or questions regarding the course.
